

GREEN 'WET' SHOWROOM LAUNCH AS PART OF BRISTOL'S ANNUAL FESTIVAL OF SUSTAINABILITY ON 16TH JUNE 2016

Threesixty Services Ltd based at 7 Zetland Road in Bristol will be opening their doors to the public to experience their brand new green showroom, the 'Eco Water Hub' as part of the Annual Festival of Sustainability, Bristol's Green Week.

Starting at 2pm on Thursday 16th June, staff will be there to welcome and guide you round the new displays. By sharing innovative products, eco-friendly ideas and principles we aim to raise awareness of green plumbing solutions that can help every household easily save water, time and money.

Since ThreeSixty Services was established, Samantha and Eden have been developing the company and producing high quality, beautiful bathrooms and solving all manner of household plumbing problems. Their aim has always been to provide the client with the best service, solutions, products and advice.

With this in mind it felt natural to go to the next step and research more 'Eco' plumbing products and share them including bespoke wooden baths, boiling water taps and air-mix showerheads. Providing this choice and advice to our clients has given them the opportunity to have a beautiful yet environmentally friendly bathroom.

Speaking of the showroom launch, Samantha says:

"We are very excited to be taking our green commitment to the next level. Threesixty has always endeavoured as a company to be as 'green' as possible, last month we invested in a fully electric van, run on green energy, for our engineers. The showroom is the best way we believe of reaching out to the large number of households who are interested in 'greening' their homes but want to see the products and need some hands-on, impartial advice on what's best for their situation."

The event will provide an insight on how to - Save Water, Save Energy, Save Money – Save the Planet!

Editors Notes:

Threesixty Services Ltd was established in 2008. Its HQ is 7 Zetand Road, BS6 7AG. A small plumbing and heating business serving the domestic and light commercial market in Bristol, Bath and surrounds.
