

Experienced Bathroom Fitter Required

We need a bathroom fitter with at least 3 years of experience for an immediate start in our small, friendly bathroom/plumbing team, based in Redland, Bristol.

To make the grade, you will have a great eye for detail, strong planning and preparation skills, decent carpentry and basic building skills, top-notch tiling and of course great plumbing skills and experience. As well as the practical skills, you'll need to bring a pragmatic, safe problem solving approach, a positive attitude to getting the job done to a high standard and a great customer service attitude.

The role will require you to work on your own and as part of our team. You'll already have a broad range of experience and be able to install a straightforward tenanted property bathroom, a wetroom conversion through to a designer bathroom with equal ease and speed.

You'll need a full driver's licence and tools, as we work in and around the Bristol and Bath area. A vehicle can be provided if you don't have your own.

The salary is £13 - £15 per hour (depending on experience) for a 40 hour week, plus overtime, (plus a mileage allowance for your own van), 25 days holiday a year and a pension scheme.

If this sounds like the job for you, then please send us an up to date CV and a letter detailing your level of bathroom fitting experience and photographs of the range of your work.

- Do you have at least **3** years of **Bathroom Installation** experience?
- Do you have a full driving licence or certification that allows you to drive in the UK?

If you answered yes to both these questions, send us your CV now!
